LICENSING & REVIEW

We, **Dilip M. Shah**, residing at 95 Hampshire Drive, Glastonbury, CT 06033 (U.S. citizen); **Alan D. Cetel**, residing at 90 Fuller Drive, West Hartford, CT 06117 (U.S. citizen); **Alan W. Stoner**, residing at 305 Provins Court, Tullahoma, TN 37388 (U.S. citizen); and **William P. Allen**, residing at 5612 Sierra Highland Drive, Plainfield, IL 60544 (U.S. citizen), hereby declare that:

1. We made and conceived the invention described and claimed in the above-identified patent application.

2. We made and conceived this invention while employed by United Technologies Corporation. The invention is related to the work we are employed to perform and was made within the scope of our employment duties. The invention was made during working hours and with the use of facilities, equipment, materials, funds, information, and services of United Technologies Corporation.

67,097-025

EH-10985

3. To the best of our knowledge and belief, the invention was not made (conceived or first actually reduced to practice) under, nor is there any relationship of the invention to the performance of any work under, any contract of the National Aeronautics and Space Administration.

4. The undersigned inventors declare further that all statements are made herein of the inventor's own knowledge are true and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
